

CA1100E USB-C to Ethernet Adapter

Gigabit speed and reliability for USB-C and Thunderbolt 3

K33475WW

Product Description

Harnessing the speed and reliability of an Ethernet connection for the latest USB-C and Thunderbolt 3 devices, the Kensington CA1100E USB-C to Gigabit Ethernet Adapter provides a stable wired connection to the internet or intranet with a simple plug and play connection. The perfect accessory for the latest laptops without Ethernet ports, the Kensington CA1100E USB-C to Gigabit Ethernet Adapter allows you to securely transfer and download even the largest of files with the confidence that only a wired connection can provide.

Features

- Wired Network Connection provides a direct and secure connection to the internet or LAN via a USB-C (male) connector for your device's USB-C or Thunderbolt 3 port, and an RJ45 (female) port for Ethernet
- Gigabit transfer speeds supports 10/100/1000 BASE-T performance
- Plug and Play Design uses native driver support to allow quick connections with Windows, Mac and Chrome operating systems, and USB-powered to eliminate the need for an external power source
- USB-C and Thunderbolt 3 compatible to accommodate the latest laptops and evolving computing environments
- Compact and lightweight making it an ideal travel accessory for on-the-go professionals
- 2 -year warranty and lifetime technical support provided by the leader in desktop productivity solutions
