

PRO

Mechanical Gaming Keyboard

KEYED FOR THE PROS.

Detachable Micro USB cable

Three-pronged design for an easy, secure connection and safe transport in your travel bag.

Nonslip rubber feet and angle adjustment

Three-step angle and rubber feet for more comfort and stability during intense gaming.

12 programmable F-keys

Execute frequently used commands or macros for complex actions at the press of a key.*

Custom-built for pros

Designed with and for professional gamers.

GX Blue clicky switches

Pro-grade performance, responsiveness, durability and clicky feedback.

Compact tenkeyless design

Frees up table space and ultra-portable for tournament play.

LIGHTSYNC RGB

Customizable per-key lighting and animations from approx. 16.8 million colors.*

G PRO is Logitech's latest PRO keyboard, built for pros from the bottom up for the highest levels of play. A compact tenkeyless design frees up table space for low-sensitivity mousing while pro-grade clicky switches give you an audible feedback bump. Programmable LIGHTSYNC RGB and onboard memory let you store a custom lighting pattern for tournaments. A detachable cable makes for easy transport. Play to Win.

WHAT YOU NEED

- USB port
- Windows® 7 or later, mac OS 10.11 or later
- Internet access for Logitech G HUB software*

WHAT'S IN THE BOX?

- PRO gaming keyboard
- Keyboard data cable
- User documentation

*Programming keys and lighting requires Logitech G HUB software. Download at LogitechG.com/GHUB. Keyboard macros are generally not allowed in tournaments.
